A well seasoned soup with quality ingredients and at the cooking point, can be an exquisite dish. The Flyin 'Saucers Gumbo Specials originating in Bordeaux (France) cook this recipe since 1997 when they began a journey not exempt from a certain risk to be a desert crossing. The references imply from the zydeco of Clifton Chenier, the Rhythm and Blues of Allen Toussaint and Fats Domino, the funk of The Meters or the rock'n'roll of Creedence Clearwater Revival. The Flyin 'Saucers Gumbo Specials are a band of incredible musicians soaked in the sweat of Louisiana swamps and the blues music run through their veins hopelessly.
